**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was an unhappy customer of Xfinity for a long time before switching to a smaller, local, competitive ISP called Sonic. Companies like Comcast Xfinity have lobbied to keep their monopoly in a market for too long. Competition in a market is good for consumers and ultimately benefits the people.

Since switching to a smaller competitor, I've been so much happier with my provider. They started on DSL networks and eventually expanded to fiber in my neighborhood. Please support smaller ISPs as they continue to provide best in class service to residents and provide competition to keep the larger ISPs in check.
